

INFUSION BOX

For Vacuum Infusion

DESCRIPTION / USE

INFUSION BOX is a resin infusion connector for low temperature resin infusion application.

It provides resin feed connection through vacuum bags into resin feeder lines.

The **INFUSION BOX** resin infusion box sits on top of the flow resin feed line ACIP50. Use the **THREADED 3/4** connectors to set the pipe (ACILF25-3/4PP or ACILF20-3/4PP).
